

We provide information about the respective services for which we use cookies in the individual processing operations. You can find detailed information on the cookies used in the following table:

Domain	Name	Description	Storage period
.idiligo.com	_fw_crm_v	Not available	approx. 12 months
.idiligo.com	_ga	This cookie name is associated with Google Universal Analytics - an important update for Google's frequently used analysis service. This cookie is used to distinguish unique users by assigning a randomly generated number as client ID. It is included in every page request in a website and is used to calculate visitor, session and campaign data for website analysis reports. It expires by default after 2 years, although this can be customised by website owners.	approx. 2 years
.idiligo.com	_gat_gtag_UA_19930600_1	Google Analytics	-69 seconds
.idiligo.com	_gid	This cookie name is associated with Google Universal Analytics. This seems to be a new cookie and no information is available from Google as of spring 2017. It seems to store and update a unique value for each page visited.	24 hours
.idiligo.com	_hjAbsoluteSessionInProgress	Not available	28 minutes
.idiligo.com	_hjid	This cookie is set when the customer visits a page with the Hotjar script for the first time. It is used to maintain the random user ID that is unique to this website in the browser. This ensures that the visitor's behaviour is associated with the same user ID during subsequent visits to the same website.	approx. 12 months
idiligo.com	_hjIncludedInPageviewSample	Not available	-9 seconds
.idiligo.com	_icl_visitor_lang_js	Not available	24 Stunden
.linkedin.com	bcookie	This is a Microsoft MSN 1st party cookie for the sharing of website content via social media.	approx. 2 years

.www.linkedin.com	bscookie	Used by the social networking service LinkedIn to track the use of embedded services.	approx. 2 years
idiligo.com	cookieawinfo-checkbox-necessary	Not available	approx. 12 months
.ads.linkedin.com	lang	There are many different types of cookies associated with this name, and it is generally recommended to take a more detailed look at how it is used on a particular website. In most cases, however, it is probably used to store language settings, and possibly to provide content in the stored language.	Session
.linkedin.com	li_sugr	Not available	approx. 3 months
.linkedin.com	lidc	This is a Microsoft MSN 1st party cookie that ensures the proper functioning of this website.	24 hours
.linkedin.com	lissc	Not available	approx. 12 months
.linkedin.com	UserMatchHistory	This cookie is used to track visitors so that more relevant ads can be presented based on the visitor's preferences.	approx. 30 days
idiligo.com	wpml_browser_redirect_test	This cookie helps to determine the language selection of website visitors and can redirect the website visitor to the integrated language depending on their location. This language setting is then stored.	Session
